### Merchant Mariner Credential Application Acceptance Checklist

Below is a list of items that constitute an application for a U. S. Coast Guard Merchant Mariner Credential (MMC). The MMC application package **must** be submitted to your local Regional Examination Center and may be delivered via mail. In person visits are no longer required. Do not submit your MMC application package directly to the National Maritime Center (NMC) as this will result in significant delays.

#### CRITICAL ITEMS FOR EVALUATION

- ☐ **Transportation Workers Identification Card (TWIC):** (For all transactions) - Provide evidence that you either hold or have held a valid TWIC (photocopy of TWIC) or have applied for a TWIC (TWIC Application Receipt). If you are not required to hold a TWIC according to CG-543 Policy Letter 11-15, then please include a statement that you do not require a TWIC. **IMPORTANT:** Failure to provide the above will result in your MMC application being returned to you.
- ☐ **Evaluation User Fee:** Pay via credit card or bank account using <https://www.pay.gov>. **IMPORTANT:** Print and include your payment receipt as proof of payment.
- ☐ **CG Form 719B Application:** Be sure to read and accurately complete this entire form. Double check your mailing address and contact information. **IMPORTANT:** Every person who receives an original credential must first take an oath. The oath may be administered by a designated Coast Guard individual or any person legally permitted to administer oaths in the jurisdiction where the person taking the oath resides (e.g. notary).
- ☐ **Form I-551 Alien Registration Card:** A front and back photocopy of your form I-551 Alien Registration Card. **IMPORTANT:** This applies to foreign nationals applying for rating endorsements. You must show lawful admittance to the United States for permanent residence (Form I-551).
- ☐ **Signed Conviction Statement:** At the time of application, each applicant must provide written disclosure of all convictions not previously disclosed to the Coast Guard on an application.
- ☐ **Three (3) Character References:** This only applies to applications for **original** officer endorsements. Please see Title 46, Code of Federal Regulations part 11.205(c) for complete details.

- ☐ **CG Form 719K Physical Examination Report:** To be used for all original, renewal, and raise of grade officer, and qualified rating endorsement applications. Applications for entry-level (ordinary seamen, wiper, stewards department, food handler); endorsements should use the CG Form 719K/E Entry Level Physical Examination Report. **IMPORTANT:** Food Handler endorsement with a 719K/E requires statement from physician attesting "free of communicable diseases". Be sure that your medical practitioner completes **all parts** of the form, including signature, and that it is dated within 12 months of your application. **NOTE:** Raise of grade transactions are 36 months.
- ☐ **CG Form 719P Chemical Testing Report:** This applies to all original, renewal, and the following raise of grade transactions (any officer endorsement or first qualified rating endorsement). The chemical test report must be dated within six (6) months of your application. A letter from your mariner employer or chemical testing consortium group on company letterhead may be used in lieu of this form.
- ☐ Front and back photocopy of license, merchant mariner's document, and STCW endorsement (if applicable).
- ☐ Authorization: 3rd party info release or different correspondence/credential mailing address (if applicable).
- ☐ Evidence of appropriate sea service.
- ☐ Photocopies of all applicable Training Course Certificate(s).

**\*\* IMPORTANT \*\***

All documents provided are subject to verification with the issuing authority. If any of the items displayed in the above box are missing at the time of application, you will be provided a "Notification of Incomplete Application" letter. From the date of this letter you will have 60-days to provide the missing information to the Regional Examination Center. If the missing information is not provided within the 60-day period, your application will be returned to you.

## Policy on Processing of Merchant Mariner Credentials for Mariners Not Requiring a Transportation Worker Identification Credential

The Coast Guard has released Policy Letter 11-15 which describes the process it intends to follow in implementing Section 809 of the Coast Guard Authorization Act of 2010 (Public Law 111-281), which modified the requirement that all mariners obtain a Transportation Worker Identification Credential (TWIC) in order to be issued a Merchant Mariner Credential (MMC). Although full implementation of Section 809 may require regulatory changes, this policy letter implements two policy mechanisms that will allow the Coast Guard to begin to implement the intent of the Act while working on the final regulatory solution:

- Enforcement.
- Credentialing Processes.

The Coast Guard has interpreted the act to exempt Merchant Mariners who are not serving on vessels required to have a Vessel Security Plan (VSP) from the requirement to hold a valid TWIC. However, in order for the Coast Guard to process a credential application, we must have received the applicant's biographical information from the Transportation Security Administration; must have completed the TWIC enrollment process at least one time. Additionally, in order for the Coast Guard to process a credential application for a mariner who is not in possession of a valid TWIC, the mariner must submit a statement indicating an understanding of the possible delays associated with processing the safety and suitability check and certifying that they do not require a TWIC in accordance with the Policy Letter. For specific information please see:

- Policy Letter 11-15 can be found at:
  - [http://www.uscg.mil/nmc/marpers/pag/twic\\_809\\_policy\\_letter.pdf](http://www.uscg.mil/nmc/marpers/pag/twic_809_policy_letter.pdf)
  - Federal Register Link can be viewed by going to <http://www.regulations.gov>, inserting USCG-2011-0465 in the "Keyword" box, and then clicking "Search."
- A Sample Statement of Certification and Understanding can be found at:
  - [http://www.uscg.mil/nmc/twic/sample\\_b.pdf](http://www.uscg.mil/nmc/twic/sample_b.pdf).

Should you require additional information or assistance, please contact the NMC by email at [IASKNMC@uscg.mil](mailto:IASKNMC@uscg.mil) or by phone at 1-888-IASKNMC.

Sincerely,

/A. S. Lloyd/

Commanding Officer

Choose your method of payment and select **Continue**. Fill in required account information and select **Continue**.
- Once you click **Continue** you will be provided with a payment receipt. Print a copy for your records and print another one for your application packet.

### **Delayed Issuance of Renewal Credentials**

A mariner renewing a credential may apply for renewal at any time. The date that the renewed credential is printed becomes the actual date of issuance. It is valid for five years from that date. When the issuance date of the new credential is dated before the expiration date of the credential being renewed, the mariner may not use the expiring credential since it becomes voided. Therefore, he or she loses the period of time measured from the date the new credential is issued to the expiration date of the credential it replaces (sometimes called License Creep).

In order to eliminate this, mariners may request **“Delayed Issuance.”** This request should be placed on CG719-B on page one under the section labeled “Applying For.” The mariner’s application will be processed upon receipt at the National Maritime Center (NMC). When processing is complete, the NMC will place the credential on hold and will print and mail it at a later date. The NMC will make every effort to ensure that the issuance of the renewed credential is as close to the expiration date of the mariner’s current credential.

This process will allow mariners to use their credentials for nearly all of the five year period of validity and to receive the renewed credential before the expiring one becomes invalid.

## **ONLINE APPLICATION STATUS INSTRUCTIONS**

### General Instructions for Medical Practitioner

1. The Coast Guard requires a physical examination and certification be completed to ensure that mariners:
  - ▶ Are of sound health.
  - ▶ Have no physical limitations that would hinder or prevent performance of duties (see below).
  - ▶ Are free from any medical conditions that pose a risk of sudden incapacitation, which would affect operating, or working on vessels.
2. The medical practitioner must ensure a complete history and physical are conducted and make recommendations as to the fitness of the applicant. Final approval of the mariner's status rests with the U.S. Coast Guard.
3. All examinations, tests and demonstrations must be performed, witnessed or reviewed by a physician (Medical Doctor (MD) or Doctor of Osteopathy (DO)) or nurse practitioner or a certified physician assistant licensed by a State in the U.S., a U.S. possession, or a U.S. territory. The verifying medical practitioner (VMP) who performed the examination must complete sections III, IV, VII, VIII, and IX of this form.
4. Detailed guidelines on medical conditions subject to further review are contained in NVIC 4-08 encl (3). Medical practitioners should be familiar with the guidelines contained within this document. NVIC 4-08 may be obtained from <http://www.uscg.mil/hq/cg5/nvic/2000s.asp#2008> or by calling the nearest USCG Regional Examination Center, or the National Maritime Center (<http://homeport.uscg.mil/mmcmedical>) at 1-888-IASKNMC (1-888-427-5662).
5. Verification of medications in section III of this form includes questioning the applicant about any medications or other substances reported, reviewing relevant medical conditions to determine if the applicant has omitted any medications or other substances, and affirmatively reporting any omitted current medications or other substances where required.
6. All applicants who require a general medical examination must be physically examined by the verifying medical practitioner.
7. The verifying medical practitioner is not required to perform or witness every examination, test or demonstration. These may be referred to other qualified practitioners; however, they must be reviewed to the satisfaction of the verifying medical practitioner. The last page of this form contains a certification that the general medical examination, vision and hearing tests, as well as the physical demonstration of competence as appropriate, have been performed, witnessed or reviewed to the satisfaction of the verifying medical practitioner. Applicants who are required to complete a general medical examination are also required to complete vision tests, and they may be required to complete hearing tests and/or demonstrations of physical competence as appropriate. The verifying medical practitioner must sign and date the certification where indicated. This signature attests, subject to criminal prosecution under 18 USC § 1001, that all information reported by the verifying medical practitioner is true and correct to the best of his/her knowledge and that the verifying medical practitioner has not knowingly omitted or falsified any material information relevant to this form.
8. If the verifying medical practitioner is unable to determine the applicant's physical ability, the applicant should be referred to another healthcare provider who can properly evaluate and test physical abilities.

**Section IV - Certification of Medical Conditions (must be completed by applicant and reviewed by verifying medical practitioner)**

Applicants must report their relevant medical conditions to the best of their knowledge, and the verifying medical practitioner must verify the medical conditions, using the table below. Check "yes" if the applicant has had a previous diagnosis or treatment of the condition by a healthcare provider, or if the applicant is currently under treatment or observation for the condition, or if the condition is present regardless of treatment.

If the verifying medical practitioner, or any other health care provider to the satisfaction of the verifying medical practitioner, discovers a condition not reported by the applicant, he/she must check "yes" in the appropriate block and explain in the remarks.

The verifying medical practitioner must address all reported relevant conditions in detail in this Section. This detailed explanation should include, at a minimum, identification of the condition, approximate date of diagnosis, any limitations, whether the condition is controlled, the prognosis and any additional information as appropriate, referring to the evaluation data listed in enclosure [\(3\) of NVIC 4-08](#) for each condition.

Additional sheets may be added by the applicant and/or verifying medical practitioner if needed to complete this section of the form. (include applicant name and DOB on each additional sheet).

**To the best of the applicant's knowledge, does the applicant have, or have ever suffered from, any of the following?**

**If YES**, the applicant must **PROVIDE THE TEST RESULTS AND/OR RECORDS AS INDICATED**, referring to the evaluation data listed in enclosure [\(3\) of NVIC 4-08](#) for each condition. Documentation of evaluation data specified in this table for all applicable medical conditions potentially requiring further review should be submitted with each application, unless otherwise specified by the NMC. Mariners, including first class pilots and those individuals "serving as" pilots (as well as Great Lakes pilots) who are required to submit annual physical examinations to the Coast Guard, may be issued a letter by the NMC specifying the extent of the evaluation data, if any, that should be submitted to the Coast Guard for any medical conditions that have been previously reported to, and evaluated by, the NMC.

The verifying medical practitioner shall make comments on all answers marked "yes" on the following page for which no evaluation data has been submitted. If known to the VMP, the VMP may comment that a condition has been previously reported on a prior CG-719K, but only for those CG-719Ks submitted after December 31, 2008, and only for those conditions which have not changed since the condition was previously reported on a prior CG-719K

If abnormal hearing or hearing aid required, perform audiogram or functional speech discrimination test.

An applicant with normal hearing does not need to complete either the audiometer test or the functional speech discrimination test. The verifying medical practitioner, in consultation with any other healthcare provider he/she deems appropriate, determines whether the audiometer and/or functional speech discrimination tests are necessary. If hearing is abnormal or a hearing aid is required, refer to enclosure (5) of NVIC 4-08 for guidance.

If audiometric testing is required, the audiometer test should include testing at the following thresholds, 500Hz, 1,000 Hz, 2,000 Hz and 3000 Hz. The frequency responses for each ear are averaged to determine the measure of an applicants hearing ability. The Applicant should demonstrate an unaided threshold of 20dB in each ear.

Additional information must be reported in Section VII.

- ▶ If the examining medical practitioner doubts the applicant's ability to meet the guidelines contained within this table, and for all applicants with a Body Mass Index (BMI) of 40.0 or higher, the practitioner shall require that the applicant demonstrate the ability to meet the guidelines. This does not mean, for example, that the applicant must actually don an exposure suit, pull an uncharged 1.5 inch diameter 50' fire hose with nozzle to full extension, or lift a charged 1.5 inch diameter fire hose to fire fighting position. Rather, the medical practitioner may utilize alternative measures to satisfy himself or herself that the applicant possesses the ability to meet the guidelines in the third column. A description of the methods utilized by the medical practitioner should be reported in Section IX.
- ▶ All practical demonstrations, if required, should be performed by the applicant without assistance. Any prosthesis normally worn by the applicant, and other aid devices, may be used by the applicant in all practical demonstrations except when the use of such items would prevent the proper wearing of mandated personal protection equipment (PPE).

Previous Edition Obsolete

- ▶ If the verifying medical practitioner is unable to conduct the practical demonstration, the applicant should be referred to a competent evaluator of physical ability. The Coast Guard recognizes that all medical practitioners may not have the equipment necessary to test all of the tasks as listed. Equivalent alternate testing methodologies may be used. For further information, [see enclosure \(2\) of NVIC 4-08](#).
- ▶ If the applicant is unable to perform any of the following functions, the examining practitioner should provide information on the degree or the severity of the applicant's inability to meet the standards. The results of any practical demonstration or attendant physical evaluation should be recorded in the Section IX.
